

SEMINARS AND WORKSHOPS

ISECOM seminars and workshops do more than just inform. They educate, enlighten, entertain, and inspire. ISECOM seminars are rich with everything you always wanted to know as well as what you need to know. Using the same cutting edge learning techniques we apply in our highly rated trainings, our seminars not only provide a strong message but also leave a lasting impact long after it's over.

Marta Barceló

Workshops are short trainings of no more than 1 day designed to educate and prepare. The following workshops are immediately available:

- *Creating Security Awareness That Works*
- *OSSTMM Overview with the latest research*
- *Smarter Safer Better* protecting against fraud, manipulation, and social engineering
- *Practical Security Testing and Hacking* (also available as a Cram Session for OPST / OPSE / OPSA certification).
- *Trust Analysis (with or without official certification)*

Seminars are 2 hour explanations and demonstrations designed to inform and inspire. The following seminars are immediately available:

- *Making Sense of Security* to understand what it takes to be safe and in control of your assets.
- *Mastering Trust* to improve decision making
- *Mastering Trust for Couples and Families*
- *Teen Security Awareness with Hacker Highschool*
- *Child Safety with The Bad People Project*
- *Business Security Awareness for Employees*

Pricing

Workshops and seminars start at \$3200 plus reasonable travel. Special rates and discounts may apply based on location and availability.

There is a 10 person limit to workshops and a 50 person limit to seminars. Additional attendance may be pro-rated. Certification exams are an additional \$499 per person.

A reservation deposit may be applicable. All payments must be made before the day of travel.

Discounts Available

- A discount of 10% for booking more than one seminar in a day or more than one consecutive workshop.
- Remote, live seminars performed via video are not subject to travel fees.

How to Book

Booking seminars is easy! Just [Contact Us](#) with the titles of the seminars you are interested in, the location of the venue, and the approximate number of attendees.
